Request for Reconsideration of Patent Term Adjustment

Under 37 C.F.R. §1.705(b)

Sir:

In response to the Notice of Allowance and Notice of Patent Term Adjustment under 35 USC 154(b) ("Notice"), mailed on November 10, 2008, Applicants respectfully request reconsideration of the Patent Term Adjustment of 828 days noted on the Notice, and request that it be corrected to <u>1262 days</u>.

Applicants enclose herewith the fee set forth in 37 C.F.R. §1.18(e).

Applicants respectfully submit that a Patent Term Adjustment of 1262 days should be accorded to this application. In support thereof, Applicants have attached a

copy of the "AIPA Term Calculation Report " which summarizes the prosecution history of the present application, the grounds for adjustment under 37 C.F.R. § 1.702 applied to the prosecution history, and corresponding period of adjustment due under 37 C.F.R. §1.703. Also attached is a copy of the Patent Term Adjustments for this application from the PTO website.

As can be seen Applicants' calculation of the Patent Term Adjustment (PTA) is different from the PTA calculated by the PTO. It is believed that this discrepancy is based upon the District Court's ruling in *Wyeth v. Dudas* (No. 07-1492 D.D.C. September 30, 2008).

In view of the AIPA Term Calculation Report, it is believed that the PTA should be 1262 days and Applicants respectfully request the PTO to review the PTA.

Applicants reserve the right, under 37 C.F.R. §1.705(d), to request further revisions to the patent term adjustment, should the Office fail to note the revised patent term adjustment on the face of any patent issuing from the present application, or fail to timely issue any patent issuing from the present application.

Respectfully submitted,

MARIA
